

# Adding -ed

You can add **-ed** to the end of many **action** words (verbs) to make new words.

Words ending in **-ed** tell us that the action happened **in the past**.

The **-ed** at the end of a word can make different sounds.

Word	+ ed	=	Sound
look	ed	looked	(t)
paint	ed	painted	(Id)
buzz	ed	buzzed	(d)

Can you think of any more words you can add **-ed** to?  
What end sound do they make?
